## HEALTH FAILING; KILLED HIMSELF

Thomas Corbett Drank Car-  
bolic Acid in Chicago

Despondent Because He Was Unable  
To Regain Vigor He Took Pois-  
on in His Room.

WAS WELL KNOWN AT MEMPHIS

News reports from Chicago show  
that Thomas Corbett, whose sudden  
death was reported in Paducah yes-  
terday, took his own life. The report  
says:

Chicago, May 18.—Thomas J.  
Corbett, of Memphis, Tenn., com-  
mitted suicide at the home of his  
brother-in-law, Arthur C. Cray, 8852  
Sherwin avenue, Rogers Park, yester-  
day, by swallowing a quantity of car-  
bolic acid. His health is believed to  
have prompted Mr. Corbett to end  
his life.

Corbett was found dead across a  
bed at 8 o'clock this morning by his  
mother, Mrs. Mary Corbett, who en-  
tered the room to awaken her son.  
Mrs. Corbett summoned a physician  
by telephone.

Mrs. Corbett told the police that  
her son came to Chicago from his  
home in Memphis, Tenn., two  
months ago. He appeared to be in a  
happy mood when he retired, telling  
Mrs. Corbett to awaken him at 8  
o'clock this morning.

Corbett is believed to have arisen  
in the morning and swallowed a quan-  
tity of poison in his bedroom.

The coroner's jury returned a ver-  
dict to the effect that Corbett com-  
mitted suicide by swallowing carbo-  
lic acid while despondent because of  
ill-health. It developed at the in-  
quest that a bottle which contained  
a quantity of carbo-lic acid was found  
on the floor near the body of Cor-  
bett.

Well Known in Memphis.

Memphis, May 18.—Mr. Corbett  
was well known in Memphis. He was  
connected with the Van Vleet-Mans-  
field Drug company for seven years,  
and was manager of the sundry de-  
partment. He was a member of the  
Chickasaw club, and was worth be-  
tween \$15,000 and \$20,000. He is  
survived by his mother, who was with  
him in Chicago, at the time of his  
death, and a sister.

Mr. Corbett left Memphis for Chi-  
cago about one month ago for treat-  
ment, following a stay in Hot Springs,  
Ark., and several days ago a letter  
was received from him stating that  
he was improving.

The deceased was single and of a  
retiring disposition. He was a hard-  
working man and was one of the  
highest salaried employees of the Van  
Vleet-Mansfield Drug company. He  
had been in ill health for more than  
a year.

the board of health to the school  
board that the Lee school, recently  
closed on account of an epidemic,  
may be opened Monday, and arrange-  
ments are made to resume the school  
work.

Big Engine in Trouble.

Engine, No. 845, came nearly  
turning over yesterday in yards of  
the Illinois Central railroad. A rail  
gave way and let the large engine  
sink into the ground. As it is one  
of the largest type, the wrecking  
crew had a difficult time in replacing  
the engine on the rails.

WEATHER FORECAST.

CLOUDY.

Showers this afternoon and prob-  
ably tonight. Sunday partly cloudy  
and slightly cooler. Highest tem-  
perature yesterday, 81; lowest today,  
66.

NUNS PROTEST.

Paris, May 18.—Only after  
a stubborn fight were the Ursu-  
line Nuns expelled from their  
convent at Nantes. Several  
doors were broken by artillery-  
men. Nuns and others found in  
the chapel were forced to leave.  
The superior read a protest  
against the action of the author-  
ities.

FILIBUSTERERS.

Havana, May 18.—Acting on  
information that a filibustering  
expedition is believed to be fit-  
ting out in the neighborhood of  
Cienfuegos to go to Columbia to  
start a revolution there, investi-  
gation was started to locate the  
plotters, and steps will be taken  
to see that no expedition is al-  
lowed to leave the island.

GRACIOUS DEED.

New York, May 18.—Dropp-  
ing all grievances, 50 striking  
longshoremen faced death un-  
flinchingly early this morning in  
an effort to save the property of  
the Morgan Line Steamship com-  
pany, when the big pier  
burst into flames. The damage  
is estimated at half a million.  
It would have been much  
heavier if the longshoremen had  
not removed many barrels of oil  
and turpentine from the struc-  
ture.

RETURN TO WORK.

Detroit, May 18.—Strikers at  
the Ecorse shipyards voted Fri-  
day night to return to work un-  
der old conditions, and in a body  
appeared at the yards this morn-  
ing. The company will take back  
all the men and not discrimi-  
nate against the active unionists.

HARRIMAN'S SCHEME.

London, May 18.—Experi-  
ments with Chinese and Rus-  
sians as railroad builders are  
being tried by E. H. Harriman,  
the American railway magnate,  
in building a new line in Mexico.  
The first installment of 1,400  
laborers is now en route from  
Vladivostok to Mexico.

SENTIMENTAL MARKET.

Chicago, May 18.—By sharp  
losses in wheat prices early to-  
day, many were impressed with  
the idea that damage to the  
crop is mainly discounted and the  
price is being pulled on  
sentiment alone.

ANTI-TRUST SUIT.

St. Louis, May 18.—Quo war-  
rant proceedings were begun by  
Circuit Court Attorney Sager  
against the Union Electric Light  
and Power company, asking all  
rights and franchises of the com-  
pany to do business in Missouri  
be forfeited. The claim is made  
it is operating in violation of the  
anti-trust laws of Missouri.

LAND FRAUDS.

Denver, May 18.—Forty special  
secret service operatives are  
here working with the federal  
grand jury in probing land  
frauds. All jurors are said to be  
under the surveillance of Chief  
Wilkie, head of the secret ser-  
vice department at Washington  
was here Friday.

GRAIN MARKET.

Cincinnati, May 18.—Wheat,  
90; corn, 59; oats, 46.

Mad Dog in Village.

dog ran through the streets today.  
Three men were bitten before the  
dog was finally killed.

## TOBACCO TRADES FIGURE LARGELY

In Paducah Bank Clearings  
For Week Ending Today

Big Timber Deals Also Has Helped  
Swell Total, While Retail Busi-  
ness Lags Behind.

FALLING OFF IN SUM TOTAL

Bank clearings .....\$832,273  
Same week last year .....\$1,040,794  
Decrease .....\$208,521

Everything considered, business  
this week was not as large as the  
corresponding week of last year,  
though the Paducah Brewery com-  
pany deal involving \$70,000 helped  
to swell last year's clearings. Still  
that the big clearings of last year  
were something of a spur may be  
seen by comparing with the week  
that preceded it. The two weeks of  
May, 1906, corresponding with the  
last two weeks of this month, show  
a total of \$1,700,000 clearings, while  
this year the last two weeks total  
the same amount in round figures. Av-  
eraging up, there is no material dif-  
ference in the two periods, while this  
year the most unseasonable spring in  
the country's history has had to be  
contented with.

Tobacco is playing a strong part in  
the business world. Prices are soar-  
ing and everything on the market is  
being bought. Trash that brought  
give-away prices last year is being  
eagerly sought now and there is in  
sight no relaxation. Real estate deals  
of lumber lands also swelled the  
clearings this week. In retail lines  
the same indifferent conditions prevail  
while the wholesale trade is picking  
up.

## PASSENGER FELL; MAY DIE AS RESULT

Alighted on Back of His Head  
and Splintered His Arm, So  
That Amputation Will be  
Necessary

WADE HAS WIFE AND FAMILY.

Stepping off a passenger train of  
the Illinois Central railroad before it  
had come to a standstill, Frank  
Wade, a passenger, was thrown vio-  
lently to the ground with such force  
as to splinter his left arm below the  
shoulder, and bruise the back of his  
head. Mr. Wade was returning to  
his home at Horsebranch, last night  
at 9 o'clock when the accident hap-  
pened.

He was brought to the Illinois Cen-  
tral railroad hospital here and given  
medical attention last night. The pa-  
tient is in a serious condition and the  
doctors have little hope for his re-  
covery. The mangled arm will be am-  
putated if the patient recovers suf-  
ficiently to stand the operation. Wade  
has a wife and three children at his  
home in Horsebranch.

RAILROADS MUST NOT

PREFER ONE ANOTHER.

Washington, May 18.—An impor-  
tant circular issued today by the in-  
terstate commerce commission con-  
tains two administrative rulings  
which are of special interest both to  
the railroads and the shipping pub-  
lic. In the first "the commission ex-  
presses the opinion that under the  
law a carrier or a person or corpora-  
tion operating a railroad or other  
transportation line can act as a ship-  
per over the lines of another carrier,  
be given any preference in the appli-  
cation of tariff on interstate ship-  
ments. In other words, one carrier  
shipping fuel material or other sup-  
plies over the line of another carrier  
must pay the legal tariff rates.

CONCRETE SEWER PIPE

WILL BE MANUFACTURED.

W. L. Bower and other men in the  
city have formed a company to man-  
ufacture concrete sewer pipe, tiling  
and building blocks. The company  
expects to start with 20 employees and  
the plant will be built in Mechanics-  
burg. It will be in operation in 10  
days. Concrete is now recognized as  
the best material for sewer pipe as  
the longer it stays in the ground the  
harder it gets, while the other kind  
wears out. The company will sup-  
ply the market in this end of the  
state and adjoining states.

Another Alleged Bootlegger.

Another alleged bootlegger from  
Mayfield was brought in this morn-  
ing by Wade Brown, deputy United  
States marshal. He was captured yes-  
terday by the officer. Marshal Brown  
went to Cairo this morning after se-  
curing requisition papers to bring  
back Marshall Carmen, charged with  
bootlegging.

## BROADWAY FENCES MAY COME DOWN

Fences are to come down along  
Broadway.

An agreement is being prepared to  
be circulated among property hold-  
ers from one end of that thorough-  
fare to the other, to tear down their  
fences and improve their lawns. Hon-  
. E. W. Bagby is one of the fathers  
of the movement. He is seeing that  
everything possible is done to im-  
prove the library lawn, and the Ken-  
tucky avenue side promises to excel  
the Broadway side in beauty. Judge  
Bagby hopes to secure the signatures  
of every resident property holder to  
the agreement.

Owensboro, Ky., May 18. (Special)

legates on first vote.

The Landrum-Ferguson combina-  
tion proved too strong for Bunk  
Gardner today, as predicted in The  
Sun two days ago. Landrum threw  
his strength to Ferguson and won.

Instructions for McD. Ferguson, of  
Ballard county, for railroad commis-  
sion were given by the Democrats of  
McCracken county this afternoon at  
the court house, by a decisive major-  
ity of 200 over Bunk Gardner, of  
Graves county. George W. Landrum,  
of Livingston county, was not nomi-  
nated, having withdrawn in favor of  
McD. Ferguson just before the con-  
vention was called to order. Gard-  
ner as the only other nominee will  
get second instruction from Mc-  
Cracken's delegation of 15. The fol-  
lowing men subject to change will go  
to the Henderson convention:

## "A Flag Shall be Placed on All School Buildings"—Kelly

"I intend to direct efforts toward  
securing flags on all the school build-  
ings in the city," said School Trustee  
C. G. Kelly yesterday. "There is a  
lesson in patriotism we should teach  
our children, and the places to teach  
that is the home and the school. Ev-  
ery public building, in my opinion,  
should have a flag. Sight of the stars  
and stripes floating over the school  
buildings every day will accustom  
them to associate all our institutions  
and all the public benefits, which  
they share with the flag of their  
country, under the protection of

HON. MC D. FERGUSON,  
Railroad Commissioner From First  
District.

ler, of Paducah, and Baxton Kirken-  
dahl, and Hugh Stout, of Woodville,  
Ed Willet.

J. S. Ross nominated Mc D. Fer-  
guson. In his speech he startled many  
in the convention by saying that Lan-  
drum conceded that McD. Ferguson  
should carry his own senatorial dis-  
trict. This was the forerunner of  
the withdrawal by Landrum. But  
for this Gardner would have won.

Delegates to the convention of the  
First railroad district at Henderson  
next Tuesday to nominate a suc-  
cessor to Hon. McD. Ferguson, the in-  
cumbent, are being selected this af-  
ternoon by Democrats of western  
Kentucky.

The candidates for the nomination  
are the incumbent, McD. Ferguson,  
of Ballard county; Lawrence Finn,  
of Simpson county; Judge Bunk Gar-  
ner, of Graves county; Hon. Herman  
Southall, of Christian county, and  
George Landrum, of Livingston coun-  
ty.

which they live and enjoy the com-  
forts and blessings of life. If it  
were not for our beneficent govern-  
ment and for that flag, the children  
would not be enjoying these privi-  
leges, and they should be brought up  
with an idea higher than one, already  
too general, that we pay taxes and  
buy the privilege of attending the  
schools. Patriotism has to be bred  
and trained in children, and although  
large flags are expensive, I would not  
stop at any expense to provide the  
children with such an object lesson  
in patriotism."

GENERAL ASSEMBLY.

Appoints Committee To Consider the  
Question of Union.

Birmingham, Ala., May 18.—The  
feature of today's sessions of the  
general assembly of the Southern  
Presbyterian church was the appoint-  
ment of a special committee to which  
all matters pertaining to the Char-  
lotte articles of agreement are to be  
referred. This committee held an  
executive session tonight for con-  
sideration of the questions that have  
so far presented themselves.  
A report will be made by this  
committee Monday afternoon, which  
will be the means of bringing the  
whole subject before the assembly,  
and some heated discussions are ex-  
pected.

## ROOSEVELT ASKED TO VISIT PADUCAH

President Roosevelt has been in-  
vited to include Paducah in the itin-  
erary of his inspection trip of the  
Inland waterways next October. He  
is going down the Mississippi and  
will be at Cairo October 2. The Com-  
mercial club today mailed him an in-  
vitation to come here from Cairo,  
"by steam or rail."

Mr. Dudley Clymer.

Mr. Dudley Clymer, 87 years old,  
died yesterday at his home in Spring-  
ville, Tenn. He has two grand-daugh-  
ters in Paducah, Mrs. Samuel Boyd,  
of 726 Tennessee street and Mrs.  
John Perry. He has also a number  
of friends in Paducah as he has of-  
ten visited here.

Metropolis, Ill., May 18. (Special).

—Edward Serrett and Miss Ruby  
Berrington, of Symsonia, Graves  
county, Ky., were married here to-  
day by Squire Liggett.

## NO HINDRANCE TO RY. LEGISLATION

Offered By State Convention of  
T. P. A.

Louis F. Kolb Chosen President, and  
Full Paducah State Is Put  
Through.

BIG BANQUET FOR TONIGHT

L. F. Kolb, president.  
B. J. Jansen, Louisville, first vice-  
president.  
G. H. Cox, Owensboro, second vice-  
president.  
J. A. McKeel, Mayfield, third vice-  
president.  
D. C. Warshaw, Henderson, fourth  
vice-president.  
Ernest Lackey, secretary-treasurer.

Paducah as the stronghold of the  
T. P. A. in Kentucky was indicated  
in the election of officers in the state  
convention this morning. The minor  
offices were scattered over the state.  
Owensboro, the city with the young-  
est post in the state, was selected as  
the next meeting place. Directors  
were elected as follows:

F. E. Lack, S. G. Bryant and A. R.  
Grouse, Paducah; Carl Schlamp, Hen-  
derson; C. P. Glenn, Owensboro;  
Davis, Mayfield.

Committees were appointed as  
follows: M. W. Byrd, Louisville,  
chairman railroad committee; R. S.  
Van Loon, Paducah, press commit-  
tee; H. Hecht, Paducah, hotel com-  
mittee; J. M. Porter, Clinton, legis-  
lation committee; T. J. Batman,  
Louisville, employment committee;  
H. K. Lukens, sick committee; P.  
H. Stewart, physician and surgeon.

Delegates to the national conven-  
tion at Jamestown in June: C. H.  
Finck, J. T. Short, S. P. Jones, Ed  
Altscheller, H. O. Gray, M. W. Byrd,  
J. P. Clements, Louisville; G. H.  
Cox, Owensboro; Fulton Gordon, F.  
E. Lack, Ernest Lackey, Guy Harris,  
R. S. Van Loon and Herbert Hecht,  
Paducah. The Rev. L. D. Hamilton of  
Clinton, was elected chairman of the  
state convention to be held in Ow-  
ensboro next year.

Rate Legislation.

Railroad rate legislation was the  
subject of a motion this morning,  
which caused a spirited debate. Sam  
P. Jones, of the Louisville delega-  
tion, introduced a resolution which  
recommended that further legisla-  
tion inimical to railroads be condemned  
by the T. P. A. After an exceedingly  
hot debate the motion was tabled by  
the decisive vote of 10 to 1.

W. D. Gray, of Louisville, was in-  
dorsed by the convention for a posi-  
tion on the national board of direc-  
tors. The secretary's salary was in-  
creased to \$450 and the delegates  
were provided for partly in their ex-  
pense account in going to the na-  
tional convention. The session this  
morning began a half-hour late with  
fewer present than expected. The  
reports of the various committees  
and review of the year, with the  
election of officers and delegates and  
the debate on railroad legislation oc-  
cupied the session until 12:45  
o'clock. Adjournment was then tak-  
en.

The afternoon will be devoted to  
securing new members for the order.  
The last year has been the most  
successful in the fifteen years' his-  
tory of the T. P. A. in this state. To-  
night a banquet will be given at the  
Palmer House with covers for 100.

The Gideons.

Leo Wilson, field secretary of the  
Gideons, a traveling men's Christian  
organization, addressed the conven-  
tion and a resolution was passed,  
recommending that traveling men  
throw their newspapers out the car  
windows to the railroad employes,  
and not leave them in their seats  
where the train newsboy sells them  
again and again. Many newspapers  
now have reading notices recom-  
mending this policy to the traveling  
men.

RECEIVER IS APPOINTED

FOR BANKRUPT PROPERTY

On application of St. Louis cred-  
itors, Cecil Reed was appointed re-  
ceiver of J. L. Wanner's jewelry  
stock at 428 Broadway, to preserve  
the assets until a trustee in bank-  
ruptcy is appointed in about ten days.  
Bond of \$2,000 was filed with Re-  
ed, E. W. Bagby.

Mr. Sam Byrd, of 726 Tennessee  
street, left this morning for Char-  
leston, Miss.

#### Deal's Orchestra in Demand.

Professor William Deal and orchestra will leave Monday for McKenzie, Tenn., to furnish the music at the commencement exercises at McTyeire school. They will be gone three days and will play on the return trip at the Paris commencement exercises. This is the third season of mourning over them.

Professor Deal has gone to McKenzie.

You can tell the character of any age by the place it gives to character.

Mending your ways is the best way of mourning over them.

#### THE COMMONWEALTH PAID IN FULL \$100 POLICY IN FORCE 3 MONTHS

Other companies would have paid only \$50. The COMMONWEALTH is the only company that pays its Industrial Policies PROMPTLY and in FULL—no matter if insured dies within one year, one week or one day after policy is issued. Read what Mrs. Briley says:

OWENSBORO, KY., May 15, 1907.

COMMONWEALTH LIFE INS. CO., Louisville, Ky.

Gentlemen: I received today through your superintendent, Mr. J. B. Tingle, \$100 in full settlement of policy No. 31975 for that amount on the life of my daughter, Cora Briley, who died May 12th.

Although this policy was issued on Feb. 25th, less than three months ago, you have paid me the full amount of the policy, whereas my daughter also carried insurance in the Metropolitan Life Ins. Co., which was taken out about the same time, and this company pays only one-half of the face of their policies, if death occurs in six months.

The full benefit provision of your policy is certainly a most valuable one to those desiring industrial insurance, and I can cheerfully recommend the Commonwealth for fair treatment and prompt payment, as you not only paid me the full amount of my policy, but you also settled in full three days after the death of my daughter, whereas the other insurance that she carried has not as yet been paid.

Very truly yours, LAURA BRILEY, Beneficiary, 729 W. Eleventh Street, Paducah, Ky.

Write a postal card to W. D. Ashley, Superintendent of Industrial Department, Eagle Building, Sixth and Broadway, Paducah, Ky., and an agent will be glad to call and explain fully the many exclusive features of COMMONWEALTH insurance. You do not obligate yourself in any way by talking it over.

#### HARGIS ON STAND IN OWN DEFENSE

Repeats Oft Told Denial of Charges Against Him

Tom Cockrill Tells of Attempt of His Brother To Arrest Hargis At Jackson.

#### THE TELL TALE BANK BOOKS

Lexington, Ky., May 18.—The prosecution closed its testimony in the trial of James Hargis for the murder of James Cockrill about noon and the defense began evidence by placing the defendant himself on the stand as the first witness.

Tom Cockrill, brother of the murdered man, and C. B. Strother, bookkeeper for the Winchester bank, testified for the prosecution. Mr. Strother showed from the bank books that \$1,500 had been paid September 6, 1904, by order of James Hargis, to Felix Feltner, which corroborates Mose Feltner's story that Hargis had paid him, through Felix, to leave the country and not testify against him. The bank books also showed that on the same date, in order to provide the funds paid to Feltner, Hargis had sent the bank a note for \$1,500, signed by James and Alex. Hargis, Ed Callahan and B. F. French, which note has not yet been paid.

#### Cockrill's Thrilling Story.

Tom Cockrill told a thrilling story of the attempt of his brother, James, who was town marshal of Jackson, and himself, to arrest Hargis, which incident is supposed to have earned the deadly hatred of Hargis, which resulted in James Cockrill's death. Tom Cockrill testified that his brother James placed his hand on Hargis's shoulder and said: "Judge, I have a warrant against you." As soon as these words were uttered the hands of Hargis and Ed Callahan flew to their hip pockets, and Hargis angrily exclaimed: "I don't allow any d—man to put his hands on me, and I won't be arrested by any little like you."

Hargis as he said this half pulled the pistol from his pocket. At this juncture, Tom Cockrill stated, the Rev. Mr. Hines, who has figured frequently in these cases as an intimate of Judge Hargis, came up and, cursing the Cockrills, ordered them to let Hargis alone. Hargis attempted to draw a pistol, when Tom Cockrill poked his weapon in Hargis's face and said: "Don't shoot my brother." Hargis and Callahan then went into the Hargis store, and after going upstairs started to return with a gun in his hand, saying so Cockrill understood him: "I am going to kill the —." The gun, however, was taken from Hargis's hands by a clerk in the store, and the Cockrills left. Tom Cockrill said that Hargis never again spoke to him or his brother James.

#### Lengthy Denial By Hargis.

When placed on the stand in his own defense James Hargis, the defendant, who is on trial for his life, seemed cool and confident. He told the story of his life which he has given several times before in the trials of the case against him and repeated with little variation from the statements which he had made in his first trial for killing Cockrill and in the trial of Britton a few weeks ago. This statement consisted almost wholly of lengthy denials of practically all the evidence given by the prosecution against him. He was particularly emphatic in denying all of the interviews which John Smith had testified to having with him.

#### DEPUTIES

ELECTED BY DIOCESE TO EPISCOPAL CONVENTION.

## Look for this Signature An Imitation is An Aggravation

After you once eat the GENUINE.

If you ever ate the original Toasted Corn Flakes, the original ONLY, is good enough for you.

But all successful things, all good things, are imitated. This most popular breakfast food is no exception. As the flavor of Toasted Corn Flakes won your favor, so it has won the Nation's favor. The demand for it is great and widespread. Now the imitators are busy. They have succeeded in copying, so far as they dared, the name and the package, for unfortunately the law does not prevent. They have also used corn. THAT'S ALL.

We tell you this simply to warn you against these imitations. If the "corn flakes" you buy do not taste right or look right—if they are only an aggravation, then you have been imposed upon.

To prevent further substitution, see that the package bears the signature of *W.K. Kellogg*.

This is your absolute protection in getting the

## The Week In Society.

### A LITTLE SONG.

Oh, a great world, a fair world, a true world I find it.  
A sun that never forgets to rise;  
On the darkest night a star in the skies,  
And a God of love behind it.  
Oh, a good life, a sweet life, a large life, I take it,  
Is what he offers to you and me,  
A chance to do and a chance to be,  
And the world whatever we make it.  
Oh, a far way, a high way, a sure way He leads us,  
And if the journey at times seems long,  
We must trudge ahead with a trustful song,  
And know at the end He needs us.  
—Ella Wheeler Wilcox.

### Announcements.

Mr. and Mrs. Walter J. Hills, of 320 North Ninth street, issued invitations this week for a reception on Thursday evening, May 30, from 9:30 until 11:30 o'clock, in honor of the twenty-fifth anniversary of their wedding.

The Kalosopie club meets on Friday morning with Mrs. Henry Rudy, 609 Kentucky avenue. The program is:

1. Current Topics—Miss Blanche Hills.
2. Famous Italian Actors and Actresses: Salvini, Ristori, Eleonor Duse—Mrs. Edward Bringham.
3. English Artists: Sarah Siddons, David Garrick, Forrest, Keene, Irving and Terry—Miss Hallie Hilyer.

The Carpe Diem club will be entertained on Wednesday evening by Miss Camille Legeay, at her home on the Cairo road.

### Pretty Al Fresco Event.

Captain Harrison Watts is the host of a delightfully planned party this afternoon in the grounds of Mr. David M. Flournoy's country home in Arcadia. The guests are forty small children and Captain Watts, who is a great lover of children, is at his happiest and the occasion is a joyous one. It is in celebration of the birthday of Captain Watts, which was on the second of May, but is always kept "the first pretty Saturday after May 2 after 12 o'clock," so has become a somewhat "movable feast." It has been Captain Watts' custom to celebrate his birthday in his former home at Charlotte, N. C., in this pretty al fresco fashion for the children and he keeps the trust with Paducah children today in the same joyous way that has made him so many gracious "years young" instead of any "years old."

### Honor Affairs for Nashville Guests.

Mrs. Frank O. Watts and Mrs. John Arnold Bell of Nashville, Tenn., will arrive Tuesday to visit Mrs. Robert Becker Phillips at her country home "Woodland." They are attractive and popular women with much social prestige. Mrs. Watts is the wife of a former Paducah boy, now a prominent Tennessee banker, who is a cousin of Captain Harrison Watts. Mrs. J. C. Flournoy and Mrs. William Hughes of this city. Mrs. Bell is a leading club woman of Nashville and is vice president of the Friday Literary club of that city. She is one of the prominent women in attendance on the Federation of Women's clubs of Tennessee.

## Dupont Imported Tooth Brushes 35 Cents

They are absolutely guaranteed against bristles falling out and their peculiar tufted surface enables them to cleanse every crevice. A Dupont brush will delight you—no doubt of that.

Miss Blackard is a winning and attractive girl and will spend next winter in Boston perfecting her decided musical talent at the conservatory.

### At The Pines.

Mrs. Maurice Josephs of Cincinnati will arrive the coming week to visit Mrs. Joseph L. Friedman at "The Pines." Mrs. Josephs is a gifted musician and during her visit to Mrs. Friedman last year made a delightful social impression. Mrs. Leopold Friedman, who has been visiting her daughter, Mrs. Samuel Williams, in Chicago, has returned to Paducah and is now the guest of Mr. and Mrs. Joseph L. Friedman. In honor of these visitors and Mrs. Robert Becker Phillips' guests a number of entertainments will be given and Mrs. Friedman will entertain informally at "The Pines" some time during the coming week. The Matinee club's events and the Musical Festival will be made important social occasions also.

The house was effectively decorated with spring roses and ferns. ### CLEAN MACHINERY.

Every man who knows anything about it will say that machinery must be kept clean if the best work is expected from it. Exactly the same is true of the machinery of the body, which can do its work properly only when kept clear of clogging accumulations. The bodily machinery of the human being is clogged when there is constipation and this can be permanently cured and prevented from becoming chronic only by restoring the strength of weakened muscles. Experienced medical men find that this can best be done by the use, until there is free movement of the bowels, of tea-spoonful doses, at bedtime and before each meal, of a preparation of 1/2 oz. Fluid Extract of Senna, 1/2 oz. Rochelle Salts, 1 oz. Aro-Sagrada, 20 grains Bi-Carbonate of Soda, 1/2 oz. water and 1 1/2 ozs. Glycerine. The ingredients are all entirely harmless and any good druggist can prepare the medicine.

## Daily Thought.

"Every great soul is reverent.  
Only the small and ignorant are  
heedless of proper claims upon man's  
veneration."

## JAPANESE DEPORTMENT.

Complacence is an Anglo-Saxon  
weakness, but even our equanimity is  
receiving constant jars from the sub-  
tle Japanese. In the first place, their  
officials conducted themselves like  
gentlemen during the San Francisco  
embroglio, while we acted like a lot  
of heathen. Then General Kuroki,  
doubtless with a mission (all Japs  
have missions when they pay "hon-  
orable" visits) came in by way of  
Seattle, delicately intimating to Fri-  
co that there are other ports on the  
Pacific coast. Lastly, the little brown  
sailors, 600 of them, behaved so well  
in New York city during a half day  
ashore, that all the newspapers have  
been compelled to comment on the  
incident. They toured the city and  
took a look at Grant's tomb and Col-  
umbia university. Reporters for the  
papers were stationed on the Bow-  
ery awaiting the advent of the Japs  
to see them shoot up the street when  
they failed to get the kind of "sake"  
they were used to at home. The dif-  
ference between the Japs and us is,  
that the Japs are studying our good  
points and imitating them. We don't  
admire the oriental lack of sincerity,  
but their deportment sets us a high  
example.

The Jap, whether he be private  
soldier, seaman, merchant, civil offi-  
cial, or high military officer, appears  
always to realize that he is under  
observation; that by his deportment  
the whole nation will be judged. The  
Jap, whether it be the character of  
his training, or a racial characteris-  
tic, is always on dress parade, al-  
ways "putting his best foot for-  
ward," always seeking to create the  
best impression. Secretive, quiet, pa-  
tient, unostentatious, neat, the little  
brown man is an envoy extraordi-  
nary from his native land wherever  
he may go, creating a favorable im-  
pression for the very grace of him,  
and winning commendation even  
from those who hate him in the ab-  
stract. And, above all, this devotion  
to appearances does not detract from  
his efficiency.

Our natural lack of restraint, our  
inborn feeling of sovereignty, which  
is not always matched by our culture,  
give all Americans a sense of supe-  
riority, the outward manifestations of  
which are calculated to mislead other  
peoples into wrong judgment of us.  
We have depths of character the Japs  
will never sound; breadths of intel-  
lect they will never measure and  
moral attitudes they will never scale,  
but their littleness is covered with a  
coat of fine veneer and a deceptive  
finish that might be copied with  
profit.

Puzzle editors seem to have taken  
over all subjects pertaining to na-  
tional Democracy. The New York

World has started an endless dis-  
cussion of the question "What is a  
Democrat?" Now, we find that the  
party press is equally divided on the  
subject of zoology. Mah's Henry  
Watterson has a "dark horse" can-  
didate for the presidency, and the  
Nashville Banner, commenting on  
the fact, declares it "wants no more  
mongrels." Our information is that  
a mongrel is a dog, and that is a  
horse of another color. A "dark  
horse" is a creature one tries before  
he knows how it will run. The "dog"  
is that portion of the human family,  
on which public performances are  
tried before they are submitted for  
the final verdict. We agree with both  
the esteemed editors. Democracy  
would do better with a "dark horse"  
with no record, and would gain pre-  
stige by ceasing to use the public for  
the "dog."

The Rev. J. L. Clark, who married  
William Ellis Corey to Mabelle Gil-  
man; Harry Orchard, who murdered  
Governor Steunenberg, and Boss  
Ruef, of San Francisco, are all good  
"injusts" and want pardons for their  
sins. It adds nothing to a man's moral  
stature to be a coward.

Just to prove his capacity, a St.  
Louis man swallowed nineteen drinks  
of whisky. Then he died. Thrifty na-  
ture isn't inclined to waste vitality  
on her vessels of clay, whose cubical  
contents comprise the whole range of  
their aspirations.

Nothing wonderful about the Octo-  
pus remaining under water 24 hours.  
The remarkable feature of the exhibi-  
tion was its returning to the sur-  
face.

"Wheat continues to jump," says  
a market report. Must be spring  
wheat.

The Chicago wheat pit must be  
nearly full of dollars by this time.

## THE BUSINESS MAN.

"If a young man does not find ro-  
mance in his business, it is not the  
fault of the business, but the fault  
of the young man. Consider the won-  
ders, the mysteries, connected with  
the recent developments in that most  
spiritual of all agents—electricity,  
with its unknown, and, perhaps, even  
unguessed powers. He must indeed  
be a dull and prosaic young man  
who, being connected with electric-  
ity in any of its forms, is not lifted  
from humdrum business to the region  
of the mysterious. Business is not  
all dollars. These are but the shell;  
the kernel lies within, and is to be  
enjoyed later, as the higher faculties  
of the business man, so constantly  
called into play, develop and mature.  
He must possess one of the rarest  
qualities—be an excellent judge of  
men—he often employs thousands.  
He must know how to bring the best  
out of various characters; he must  
have the gift of organization—an  
other rare gift; must have executive  
ability; must be able to decide  
promptly and wisely."—Andrew Car-  
negie in System.

## EVANSVILLE RIOT

ONE DEAD AND SIX INJURED IN  
INDIANA CITY.Street Car Traffic Is Now Completely  
Suspended After Terrible  
Accident.

Evansville, Ind., May 18.—After a  
day of rioting, violence and accidents  
the second day of the street car strike  
in this city ended with one man dead,  
six persons injured and all street  
car traffic completely suspended.

The dead man is James Cates, aged  
30, a strike sympathizer. Late last  
night Mayor Boehne called a special  
meeting of the board of safety and  
ordered 200 special policemen sworn  
in.

A street car manned by a non-  
union crew going at full speed jump-  
ed the curve at Eighth and Walnut  
streets and crashed into a two-story  
office building partially destroying  
the building, killing one man and  
injuring four others, including a  
baby 18 months old.

The street car company claims the  
strike sympathizers boarded the car  
and after knocking down the motor-  
man and conductor threw on the  
power to the limit causing the de-  
railment of the car.

HOW TO MAKE  
THE BEST REMEDYRelieves Rheumatism and Kid-  
ney TroubleFix It Up Yourself—Relieves Nearly  
Every Person Who Tries It;  
and Is Not Costly.

LEAVES NO AFTER EFFECTS

A large Eastern publication tells  
its readers of a number of simple and  
safe prescriptions that can be made  
at home. The following, however, for  
the cure of rheumatism and kidney  
and bladder troubles receives the  
greatest praise, viz., Fluid Extract  
Dandelion, one-half ounce; Com-  
pound Kargon, one ounce; Compound  
Syrup Sarsaparilla, three ounces.  
These simple vegetable ingredients  
can be obtained at any good prescrip-  
tion pharmacy at little cost and are  
mixed by shaking well in a bottle.

The dose for adults is a teaspoonful  
after each meal and at bedtime,  
drinking a full tumbler of water  
after each dose. It is further stated  
that this prescription is a positive  
remedy for kidney trouble and lame  
back, weak bladder and urinary dif-  
ficulties, especially of the elderly peo-  
ple, and one of the best things to be  
used in rheumatic affections re-  
ducing swellings in just a short  
while.

A well known local druggist states  
that the Compound Kargon in it  
does the work. It is the drug which  
acts directly upon the eliminative tis-  
sues of the kidneys; cleanses the  
sponge-like organs and gives them  
power to sift and strain the poison-  
ous waste matter and uric acid from  
the blood which is the cause of rheu-  
matism.

Cut this out and hand to some  
sufferer which would certainly be an  
act of humanity.

## BARN BURNED

NIGHT RIDERS GUILTY OF ANOTHER OUTRAGE.

George Wallis, Tobacco Planter Near Cadiz, Victim of Cowardly Crowd.

Cadiz, Ky., May 18.—The barn of George B. Wallis, living three miles west of here, was burned by a crowd of about twenty-five night riders, along with about \$250 worth of tobacco, two wagons, one buggy and most of his farming implements. The crowd went to the home of a negro near by and made him get his coal oil can and go with them. After the barn was well on fire they departed, the negro being taken back home and turned free.

Mr. Wallis had joined the association only two or three days before this happened but stated that he was not going to raise any tobacco this year. He had two loads of tobacco standing in his barn, preparing to carry it to Hopkinsville the next day, where he had sold it. He claimed the right to sell his 1906 crop where he pleased, under the agreement made several months ago between the association here and the independent organization. This agreement was that the association would allow all members of this organization to sell their 1906 crop as they pleased, but that they would pledge their 1907 crop to the association, which they agreed to do.

Mr. Wallis claims to have been a member of that organization, but had never signed the 1907 pledge until a few days ago.

## DUN'S REVIEW.

New York, May 18.—R. G. Dun & Co.'s weekly review of trade will say today:

Improvement in retail trade followed seasonable weather at many points, and payments were more prompt as spring merchandise was distributed, but conditions are still irregular. Sensational advances in prices of farm products, especially wheat, followed reports of the extensive damage to the crops, but frequent reactions emphasized the speculative nature of the rise in quotations and tended to restore confidence.

Wholesale trade in fall goods is brisk from all points except where the crops have been seriously injured. Manufacturing plants are kept busy, a further increase in the rate of pig iron products failing to keep pace with consumption, and more imports were arranged. Freight movement is almost prompt.

Higher prices for pipe supplied the only change of importance in the iron and steel industry, the leading producers advancing quotations \$4 a ton on most sizes. Another feature of the week was the business in rails, covering the entire capacity of some mills up to the end of 1908. There was also a large tonnage of structural shapes.

Cold weather has made it difficult to handle ore, and in addition to the delay to boats, by storms, the movement has suffered because of car shortage at lake ports. The coke output and movement has attained such exceptional dimensions that prices are easier.

Quiet conditions in primary markets for dry goods are due largely to the fact that manufacturers of cottons are sold so far ahead that they cannot accept the attractive offers constantly made for early delivery. The trade so far apparently appears indifferent to the sharp rise in the price of raw material, but this is a factor that must soon be reckoned with.

The demand for woollens is still moderate.

Shipments of footwear from Boston are running slightly above the movement last year, but new business comes to the mills somewhat slowly. Leather is quiet.

## 13 SHOTS IN ABDOMEN; LIVES.

Escaped Prisoner and Detective Both Wounded in Rifle Duel.

Des Moines, May 18.—William Barker, an 18-year-old negro fugitive, who was shot last night by Detective E. E. Johnson, is barely alive, while Johnson is suffering from a gunshot wound in the head. Barker has thirteen wounds in the abdomen, and probably will die. Barker is wanted for cutting Mrs. Curly Spears. After his arrest he broke away from the officers and ran to his home, where he armed himself with a heavy rifle. Johnson, with other officers, all armed with Winchester, immediately started on a man hunt for the negro, who was first discovered by the detective, Barker, on being seen, aimed his rifle at Johnson. The latter fired first, and after a long exchange of shots the negro fell to the ground mortally wounded. As Barker fell Johnson was shot by a young relative of the negro, who had slipped up behind him. Both wounded men were taken to a hospital.

## SAD FAREWELL TO TEACHER.

The graduates and former students of Monticello seminary at Godfrey, Ill., residing in Paducah, will read with interest the following account of the funeral of Miss Haskell, the beloved principal of that institution, taken from the Alton Telegraph:

The farewell of the Monticello students to their principal, Miss Harriet N. Haskell, was a touching feature of the funeral service Tuesday afternoon at 4 o'clock. The girls assisted in the service by singing one hymn, "In Heaven Love Abiding," the chorus of 150 voices of the students rising in unison to sing their farewell to their teacher. When the services were ended, the visitors took a farewell look at Miss Haskell, while the girls and faculty remained in their places. Afterward the girls said silent farewell and then formed in a double line in the corridor, leading from the chapel door to the entrance to the building. All the girls were clad in pure white.

## SCHMITZ MAYOR

DECLARES HE HAS NOT AND WILL NOT SURRENDER.

Calhoun Denounces Ruef's Confession As Lie and Charges Political Conspiracy.

San Francisco, Cal., May 18.—In a statement published today Mayor Schmitz said:

"The statement that I have handed the reins of government to any person or committee is an unqualified falsehood. I called a committee of 50 together some time ago in order that I might take advantage of the wisdom and advice of best citizens of the city in a financial and industrial crisis. The committee of 50 selected sub-committees in order that the important work might be systematized and carried out and one of the committee is the so-called committee of seven.

I have not resigned, nor yielded my prerogative to anybody and any statement to the contrary is a malicious falsehood. There is no reason why I should pass over the reins of government to other people.

"As for Ruef's charges I will say he has never paid me any bribe money and he knows it. If he says he paid bribe money to me he simply lies. I only know he has made such charges from what I am told and from newspaper reports."

## Calhoun Makes Charge.

San Francisco, Cal., May 18.—Patrick Calhoun, president of the United railroad, whose name has been mentioned in connection with the investigation of bribery of officials in this city, today issued a statement in which he emphatically declared "that no official of this company ever bribed anyone, authorized Ruef or any one else to bribe anybody, knew of any bribery or approved of any bribery."

He charges the prosecution with "having prostituted the great office of district attorney to further the plans of private malice in the interest of the man who organized the municipal street railways of San Francisco on the 17th day of April, 1906, the day before the earthquake and fire with a capital stock of \$14,000,000."

## FOR UNITY

DR. LANDRITH MAKES PLEA IN GENERAL ASSEMBLY.

Says Race Problem Depends On Good Separate School and Christian Development.

Columbus, O., May 18.—The keynote of the Rev. Dr. Landrith's sermon at the Presbyterian general assembly in the morning was an appeal for concerted effort towards the complete union of the church.

"The war is over," said Dr. Landrith, "Southern Presbyterianism, without our co-operation, can never overcome the Presbyterian possibilities and demands of the south in general and the southwest in particular. The southern church will welcome our co-operation and it will hasten the consummation so devoutly to be wished, the ultimate union of the two churches. It is favorable acquaintance that brings churches together."

Touching upon the race problem in the south, Dr. Landrith said:

"The certain remedy for all racial ills lies in the direction of good schools and churches—good, but racially separate schools—in which children are taught the dignity and as far as possible, the arts of honest toil and good, but for the best interests of all concerned, racially separate congregations, in which Christianity, and not the murderous prejudices of racial and sectional hatred are preached."

## Kentucky Building Opened.

## STRONG TICKET BEHIND WILLSON

Idea in Minds of the Republican Leaders

Louisville Man Will Have No Opposition in Convention For First Place.

CAPT. ED FARLEY IS CHOICE

Louisville, May 18.—The Republican state convention is only a month away and active efforts are being made by the state leaders to secure candidates for the other state offices of the same strength as Mr. A. E. Willson is expected to be, as the nominee for governor.

The nomination of Mr. Willson for governor without opposition is now conceded by everybody, but the leaders are anxious to make the ticket strong throughout and for this reason are soliciting men to accept nominations for state offices, who could only be induced to take nominations so as to strengthen the ticket.

For lieutenant governor, State Senator W. H. Cox, of Mason county, and Mr. McKenzie Moss, of Bowling Green, are mentioned. Senator Cox is strong in the Ninth district and it is thought would bring many votes to the ticket.

For attorney general, Judge James Breathitt, of Hopkinsville.

For secretary of state a number of Republicans have been urging that pressure be brought to bear upon General Dan Lindsay to accept this place. General Lindsay is one of the leaders of the Frankfort bar and could continue his practice while holding that office.

For state auditor the name of former Congressman John W. Lewis, of Springfield, is mentioned. Mr. Lewis is strong in the Fourth district and the office of auditor is considered the most important on the ticket after that of governor.

For superintendent of instruction Professor Crabbs will be nominated without opposition.

McCracken county seems to have

## ASTONISHING RESULTS Follow Each New Discovery of Science.

The great strides that medical science has made in the last few years is due to the germ theory. When the germ of a disease has been discovered, the doctors have not been slow in finding a drug to kill it. In a few years, it will be rare to find a bald-headed man or woman. The falling out of hair is due to a dandruff germ, and now it has been discovered how to kill this germ. The remedy used is called Newbro's Herpicide. Its success has been marvellous. Not a failure has been so far reported. It is also a delightful hair dressing free from oil or sticky substances. Try it and be convinced of its actual merit. Sold by leading druggists. When 12 inches of rain fell in January, it was thought that the rest of the year might be dry, but it looks like that amount of rain was simply a gratuitous gift from nature and that it will not affect the normal supply. May is keeping up well with January and while the river has started falling again, it is likely to be brought back up the hill any day by more rain. The stage of 30.5 this morning shows a falling off of .5 in the last 24 hours. Same date last year the stage was 12.8. It was a good day for business at the wharf.

A stranger arrived at the wharf last night when the Joe Fowler pulled in from Evansville. Thirty days was the cost of that broken shaft. The Joe Fowler left at 2 o'clock this morning for Evansville and will return here late Sunday, to get away Monday on the regular schedule. The John S. Hopkins arrived at noon today from Evansville and left directly for the same point to lay over Sunday.

Several hundred persons enjoyed the excursion on the Louisiana last night and the weather was ideal. Next week the Louisiana will run two excursions, one on Tuesday night and one the Sunday following.

From present indications it will be week after next before the Chattanooga will get off the ways. All the repairs and improvements will be finished in time for the trip on the Tennessee of Vice President Fairbanks, June 5.

The Joe Wheeler will arrive Sunday night from Chattanooga and will get away Tuesday or Wednesday at noon for the same city.

The Buttort will arrive Sunday night from Nashville and leave Monday at noon for Clarksville.

St. Louis-Tennessee river packets will pass here probably Monday. The Savannah will leave St. Louis tonight

and pass here Monday morning; and the Saltville will return from the Tennessee river Monday for St. Louis. The Georgia Lee from Cincinnati for Memphis arrived today and left a large amount of freight here. The Kentucky will leave at 6 o'clock tonight for the Tennessee river with a good trip. Towboats are still scarce but they will begin returning next week from long trips up the rivers. The Jim Duffy brought in a tow of ties from the Cumberland river this morning for the Ayer-Lord Tie company, and will leave tonight for the same river. Gent's show boat will be on the

dry docks the larger part of next week. First street reconstruction made it necessary for the Dick Fowler to land just below the peanut factory to take on peanuts. Wagons cannot reach the front of the factory. The Dick Fowler cleared for Cairo on time. The Henrietta with Captain Summers and crew who may throw some light on the death of Miss Woodruff, will arrive tonight or Sunday morning from the Tennessee river.

Official Forecasts. The Ohio at Evansville and Mt.

Vernon, will continue falling during the next several days. At Paducah will fall slowly tonight. At Cairo, will continue rising during the next 24 to 36 hours. The Tennessee from Florence to the mouth, will continue falling during the next 36 hours. The Mississippi from below St. Louis to Cairo, will continue rising during the next 24 to 36 hours. The Wabash, at Mt. Carmel, no material change or will rise slowly during the next 24 hours. Guilty men still judge others like them—Massinger.

# BUYING AT HARBOUR'S IS WISE ECONOMY

Third Week of the Great May Sale.

It is wise economy to buy where you can buy the cheapest. It is also a proof of wisdom to buy the best your pocketbook will afford. Reliable merchandise wears the longest and is in every way more satisfactory than flimsy makeshifts. ## CIGARET LAW

DEMANDS SOME SORT OF LEGAL CONSTRUCTION.

Illinois Has Unique Statute on Subject With Queer Attendant Questions.

Springfield, Ill., May 18.—Just where the cigaret smokers in Illinois get off at will not be fully determined until Attorney General Stead has looked into a little matter which Senator Berry had passed in the closing hours of the legislature. Senator Berry, whose intentions were plainly to pass an anti-cigaret bill of some kind to stand alongside the local option bill which he fathered, seems to have skated over all the thin ice in the constitution.

His cigaret bill, now being enrolled and engrossed, would leave it up to the courts to determine whether or not tobacco is injurious to health. If it were so decided, then cigarets could not be sold in the state. He did not draft it in that way, but the house, tacked on an amendment prohibiting the sale of cigarets containing "anything injurious to health, including tobacco."

In this shape it was passed late Sunday morning. There was only a corporal's guard of senators holding down the upper house at that hour, but Mr. Berry took the bill from the clerk of the house and hurried across the way with it. The senate journal shows that a constitutional majority concurred in the senate amendments. Originally the bill was designed merely to prevent minors from smoking cigarets in public places.

When the particular woman finds a dependable shoe that combines style, comfort, fit and durability, she's mighty apt to wear the same make year after year. That's why the La France is the big seller at this store. If you would exchange foot-wear uncertainties for permanent shoe-satisfaction, ask to see:

**La France Shoe For Women**

Among the many processes which secure its form-retaining qualities is what is termed "vamping through." By one operation the vamp and the quarter or top part are securely stitched together through the firm drill lining, whose non-stretching qualities make it impossible for the leather to expand—thus the common fault of a shoe's becoming loose and out of shape after wear is overcome in every La France shoe. Your shoes will not be too small nor too large, but just right—if you wear the La France.

## SABBATH

OBSERVANCE STRONGLY URGED BY PRESBYTERIANS.

Transfer of Property of the United Churches to Proper Board Is Directed.

Columbus, Ohio, May 18.—A new impetus was given the movement for Sabbath observance by the Presbyterian general assembly when resolutions were adopted looking to the thorough organization for its advancement.

A provision which urged Presbyterian families to give preference in buying to those merchants who close their shops on the Lord's day was stricken out on the ground that it would, in effect, amount to a boycott.

Resolutions urging ministers to discontinue funerals on the Sabbath; disapproval of sports, excursions and other secular uses of the Sabbath; urge omission of Monday recitations in seminaries and colleges so as to aid students in observing the Sabbath; favoring a Saturday half holiday for all workers and condemning Sunday newspapers.

## 6,000,000 Work on Sundays.

It was stated that there are upward of 6,000,000 persons now employed on the Sabbath in the United States.

The assembly also received and adopted the report of the committee on church co-operation and union. The report recommended each of the incorporated boards of the Cumberland church branch proceed to transfer all property and accounts to the

## CUMBERLAND IS SUED.

Hickman People Contend Franchise Is Ignored.

Fulton, Ky., May 18.—Hon. R. T. Tyler, Dr. S. K. Davidson and Dr. J. M. Hubbard, of Hickman, were in Fulton yesterday to file an injunction against the Cumberland Telephone company to compel the latter to give the city of Hickman telephone service until the September term of

court. It seems the management of the telephone company ordered the manager of the Hickman exchange to close all telephones Wednesday. The reason assigned for the order is that a few weeks ago the citizens signed a petition asking the telephone company to lower the telephone monthly rates to that which the franchise calls for. The rate has been \$1.65 and the franchise calls for \$1.50. The company refused the request, and so the citizens sued them. The suit will come up at the September circuit court.
